Message from the Montrose Soccer Club Board

The Montrose Soccer Club (MSC) Board recognizes the great benefit to the Club and its players, as well as to the community, of a comprehensive and vigorous soccer program firmly focused upon the welfare of its participants. The short term and long term health and life experience advantages to participants are well known.

To that end, the Board wishes to make it clearly and widely known that all MSC players are expected to be drug and alcohol free at all times during the season. As this is the expectation in interschoolastic sports and beyond, MSC players should adhere to the same guidelines.

MONTROSE SOCCER CLUB

Drug / Alcohol - Free Pledge
